

**Mundelein High School's Second Annual**  
**FREE APPLICATION DAY**  
**GUIDEBOOK**

**Thursday, October 18**

**11:30am-2:30pm**

**MHS Gymnasium**

All MHS Seniors are invited to apply to the 30 attending colleges for free – yes, every college attending is offering a FREE application to MHS seniors on Thursday, October 18 during all lunch periods! There is no limit to the number of applications a student can fill out, but we strongly encourage students to only apply to schools that they are genuinely interested in. To help you make your decision, we have created this booklet with information about each of the schools who will be attending.

## What do I need to bring?

- **Your charged Chromebook**
  - Most applications will be completed online
  - You can **definitely** have the application nearly complete and ready to hit “submit.” As long as you click that button with the representative on this day, the app is FREE.
  - Go to the school’s website to find their application and view it prior to the event if you want to be as prepared as possible.
- **A copy of your SAT or ACT score report**
  - Print these from your account at either [collegeboard.org](http://collegeboard.org) or [actstudent.org](http://actstudent.org)
- **A copy of your transcript**
  - Ask your counselor or stop by the CCRC
  - We will be available to print these the day of the event as well
- **A smile**
  - This is not an interview, but be polite and dress neatly
  - Thank the representative for coming in to work with you and provide a free application!

## Vocabulary Used in the Following Pages

- **Size of the school:** This is the undergraduate population. Some schools may seem bigger if they have graduate (Master’s and Doctoral) programs.
- **Cost of attendance:** This is an estimate of the TOTAL cost of attendance, including tuition and cost of living, before scholarships or aid are applied. For some schools that have many or all commuter students, this number may be listed as “tuition only” so add more for cost of living depending on your situation. Additionally, keep in mind that some schools offer amazing merit based scholarships, so your cost could be far less!
- **SAT mid-50:** This is a range of scores for past admitted students, from the 25<sup>th</sup> to the 75<sup>th</sup> percentile. NR signifies that the college has not reported this data.
- **Test scores:** Your SAT or ACT may not be required, and some schools will additionally require an essay. If these are required, you will likely need to send an official copy as well. If scores are optional this means that students have a choice to apply with or without scores. Talk to the admissions representative to learn more about these options.
- **Average GPA:** As with the SAT mid-50, this is a number based on past admitted students. NR signifies that the college has not reported this data.
- **On-Site Admissions Decision:** On the day of the event, some schools will tell you immediately if you are admitted to the school or not. If you are not admissible, they may be able to give you some advice about what you can do this year to become admissible.
- **Regular App Fee:** Some colleges in attendance have free applications at all times! Others are waiving their fee on this day, only (and you can see what you’re saving in this box). No matter what, sitting down with the representative is beneficial!
- **Some Common and Unique Majors:** We asked the college reps to provide us with some of their most popular or unique majors, but there are many more options as well! Check each school’s website for a full list of potential majors.

## Why apply to this college?

As one of the largest Catholic women's colleges in the nation, we take pride in our diversity. Just under half of our students are women of color and we are Wisconsin's first Hispanic Serving Institution. At Alverno, our students excel without traditional letter grades. Instead, our professors assess a student's progress at every stage of her coursework. We're also known for educating highly skilled nurses, teachers and music therapists, but our majors cover some of the country's fastest-growing professional fields in science, math, health care and social sciences. Plus, our graduates are ready to take on whatever comes their way since they each have experienced interning in their field of study. If you're ready to make the move to Alverno, you'll receive an additional \$6,000 of aid, on top of merit-based scholarships, just for being from Illinois!

<b>Why apply to this college?</b>			
<p>Students come to Augie because they want to "do it all!" Augustana is located in Rock Island, IL about 2.5-3 hours from the Chicagoland. The Quad Cities (Rock Island, Moline, Bettendorf and Davenport) are located right on the Mississippi River and boast a population of 400,000. This means LOTS of stuff to do at affordable prices! We continue to offer a one-of-a-kind program called Augie Choice. Augie Choice gives students \$2,000 to use towards international study, internship or research in their junior or senior year! We want our students to standout! Over 55% (not including our sports teams or music groups) of our students study abroad! Augustana ranks #7 (*all colleges/all divisions) in Academic All Americans! This is a great example of the academic and co-curricular balance our students are able to maintain. *7th only to: Nebraska, Penn State, MIT, Stanford and Notre Dame and Emory.</p>

## Why apply to this college?

Aurora University is an inclusive community dedicated to the transformative power of learning. AU is located in Aurora, IL and is a short train ride from Chicago. We are tucked away in a beautiful residential neighborhood and are a small campus with everything you need right at your fingertips. We combine the wide range of programs expected at a university with the personal attention of a small college. Our award-winning faculty members are accessible; our partnerships with the community provide hands-on opportunities and internships; and our academic and support programs are designed to help you succeed. At AU, our students are our number one priority: our application is free and every student admitted to AU receives a scholarship that comes off their tuition every single year!

### Why apply to this college?

1. Bradley is a private university in mid-sized Peoria, Illinois, offering 185 academic programs to prepare 5,400 students for immediate and substantial career success by providing resources not available at small colleges and more personalized experiences than large universities.
2. The Engineering program, ranked among the top 30 nationally among undergraduate-focused engineering schools by U.S. News, and the Business school, ranked in the top 50 by Bloomberg Businessweek, will move into a new, shared facility beginning in Fall 2019.
3. New majors and academic programs are now available in Business Analytics, Cybersecurity, Data Science, Public Health Education, and User Interface Design.
4. Bradley's unique Music Business and Music Entertainment Industry programs offer students the opportunity to prepare for the music business industry either as performers or in non-performing careers. The Music Business degree at Bradley is the oldest in the United States.
5. The Wall Street Journal ranks Bradley among the Top 10 universities in the nation for Student Engagement. Students enjoy the benefits of attending a university recognized for providing a personalized and meaningful experience.

## Why apply to this college?

Based at a main Grayslake campus abounding in natural beauty, the College of Lake County is a community college with additional campuses in Waukegan (Lakeshore) and Vernon Hills (Southlake) as well as online courses. With 14,500 students, the college offers 180 programs of study leading to a degree or certificate. The total includes 51 majors designed for transfer to four-year colleges and universities. In fact, CLC's guaranteed transfer admission agreements provide CLC students seamless transfer to earn their bachelor's degree at 26 partner colleges and universities in the region, nation and abroad. Additionally, CLC has more than 40 career fields offering degrees and certificates in business, technology, health care and much more. CLC costs less than a third of a four-year Illinois university, and the average class size is only 18 students, with caring professors who love to teach. Beyond classes, CLC offers more than 40 student clubs, 12 inter-collegiate sports teams as well as music, theatre and dance events in the James Lumber Center for the Performing Arts. With the college's \$163 million master plan, new construction and improvements have been taking place at all three campuses, including a new Science Building at the Grayslake Campus. Learn more about CLC at [www.clcillinois.edu](http://www.clcillinois.edu).

## Why apply to this college?

DePaul University is one of the largest private universities in the United States. With two main campuses in the City of Chicago, DePaul University offers the best of both worlds; over 250 different academic programs, over 350 student clubs and organizations with student-faculty ratio of 15:1. Whether you know exactly what major you're interested in or are coming in undecided, DePaul's undergraduate majors will challenge you. World recognized faculty are experts in their field to prepare you to enter the workforce right after you step off the graduation stage. Also, DePaul's core curriculum — the Liberal Studies Program — is more than a "Gen. Ed." requirement. It takes you outside of the classroom and into the city (or even to another country) and connects your coursework to the real world.

<p>EIU is located in Charleston, IL, which is about a 3-hour drive from MHS! We offer other avenues to get to and from home with the Amtrak nearby, and offer bus rides from campus on the weekends. Eastern Illinois University has a rich tradition of preparing students to accomplish their life goals through a great combination of quality academics and personal relationships. EIU is a great fit for students that want that large school feel, but offers small class sizes being 18-25 students! We are well known for our teaching and business programs, and just added some new majors this year! We have added criminology, neuroscience to just name a few! We have over 200 clubs and organizations to get involved in from Greek life, intramural sports, to service clubs and student senate. EIU is extremely affordable with our total cost with tuition, room/board, AND books is 21,000 a year! We offer merit scholarships along with honors scholarships to make EIU even more affordable.</p>

### Why apply to this college?

George Williams College of Aurora University is a small, private campus located on the beautiful Geneva Lake in Williams Bay, WI. This location offers great walking paths, lake views, and a close-knit campus.

GWC offers merit-based scholarships that help reduce the cost of tuition significantly. If you are awarded the top merit-based scholarship, your tuition will be reduced by more than half (based on calculation of GPA and SAT/ACT score).

GWC is proud of their majors and what their students accomplish upon graduation. George Williams College continues to be a community of "serving those who serve others."

## Why apply to this college?

MacMurray College is a four-year, private, residential, baccalaureate college with a strong liberal arts tradition. For the past 170 years, MacMurray has been committed to preparing graduates for satisfying and productive professional careers through a purposeful blend of the liberal arts tradition and a concentration on career preparation. MacMurray focuses on providing the tools needed for effective leadership, and encouraging individual growth throughout one's education and future endeavors. Students who attend MacMurray College have dubbed this special place as their "Mac Fam," short for MacMurray Family. Life here is not just about learning the skills, knowledge, and attitude of success for your own future, it's about helping others succeed around you as well.

<p>Marquette University is a private, Catholic and Jesuit four-year institution located in downtown Milwaukee Wisconsin. Marquette has seven academic colleges with 80 majors and 78 minors. Academically, we are most well-known for our programs in Nursing, Health Sciences (PT, PA, Speech Pathology), Business, and Engineering. There are over 300 student organizations to choose from, and plenty of intramural and club sports to join. Service is a big part of life at Marquette, and the Marquette community donated over 500,000 hours of service to Milwaukee and beyond last year. Students live on campus for two years, and we just completed work on a new residence hall, The Commons, which opened in August 2018. Milwaukee is a quick commute from the Chicago area, and students do not need their cars to get around. All Marquette students are given a bus pass to get around the city to explore what Milwaukee has to offer. Come visit!</p>

### Why apply to this college?

National Louis University, founded in 1886, is one of the oldest universities in the state of Illinois, and we now have a brand new undergraduate program. The new Pathways Undergraduate Program at NLU was created to provide more students with the opportunity to earn their bachelor’s degree. Undergraduate students at NLU will be earning the most affordable bachelor’s degree in the Illinois. Our total cost per year is \$10,000, which is extremely comparable to community college tuition. This cost includes everything- tuition, books, fees, etc. Students no longer have to worry about finances being a barrier to college. NLU also appreciates students’ needs for school/life balance, which is why all full-time students only have classes on campus 2-days a week, leaving the rest of the week for work, homework, spending time with friends and family, and relaxing. At NLU, it’s okay if you don’t know what you want to study when you’re a freshman! Students take general education classes and electives in their first two years and do not have to declare a major until they start their junior year. All NLU students are paired with a Student Success Coach, who is there to support each student through the challenges that college may bring and ensure that students are on track to graduate in 4 years. Are you looking for a full college experience but aren’t sure if you want to go far away? We have a full campus located in Wheeling, IL, only about 25 miles outside of Chicago. As an NLU student, you have access to the fitness center, aquatic center, athletic fields, clubs, activities, social events, and more. Become an NLU Eagle and see why Money Magazine lists NLU In National Top 10 for Grads Making a Difference!

Located on the northwest side of Chicago and sitting on 67 acres of land, Northeastern Illinois University provides its students with an opportunity to learn in the city and lead in the world. We offer over 40 undergraduate programs across five different colleges, including our robust College of Education, College of Business and College of Arts and Sciences. Along with those programs, you will have much flexibility with classes offered on weekdays, evenings, weekends and online. Northeastern Illinois University also provides extremely competitive tuition rates, guaranteed for four consecutive years to continuously enrolled undergraduate students. U.S. News & World Report's 2016 rankings listed us as a national leader for "least debt". We have also been known as "one of the most ethnically diverse universities in the nation" by U.S. News & World Report. And lastly, in Fall 2016, Northeastern Illinois University proudly opened its first residence hall, The Nest Student Housing. This 440-bed space facility offers apartment-style housing for all students and it includes amenities such as furnishing, a full kitchen, bathrooms, Wi-Fi access and so much more.

## Why apply to this college?

NIU is a public research university that is in a unique location 65 miles west of Chicago. We are home to about 18,000 Huskie students. NIU has a big university lifestyle, but meets small-school individual attention. There is no limit to what you can do at NIU. We have over 60 majors and 74 minors ranging from Business, Education, Engineering and Engineering Technology, Health and Human Sciences, Liberal Arts and Sciences, Visual and Performing Arts, and more. At NIU learning is interacting with a world-class faculty who are actively tapped into their areas of expertise. On average, we have a class size of about 24 students and a student to faculty ratio of 16-1. This allows you to meet with your classmates and get to know your professors. A big deciding factor for college can be cost. NIU is known for having a great value. We have flat rate tuition, which means once you're enrolled full-time for fall or spring semesters (12 semester hours), any credit hours taken beyond that are at no additional cost. You can complete your degree faster, without paying more. Also, for in-state students, we have a truth in tuition agreement, which means tuition will lock in for four and a half years. For freshman students, our merit-based scholarship deadline is December 1. Last year, we gave out 15 million dollars awarded in NIU scholarships. We want to help fund your education. NIU ranks in the top third of "Colleges Worth Your Investment." Along with your degree, the memories and friendships you make in college will stay with you for a lifetime. We have over 320 organizations that encompass all aspects of our student's lives. This is NIU. Your Future. Our Focus.

### Why apply to this college?

SIUE is a nationally recognized university that provides students with a high-quality, affordable education that prepares them for successful careers and lives of purpose to shape a changing world. Built on the foundation of a broad-based liberal education, and enhanced by hands-on research and real-world experiences, the academic preparation SIUE students receive equips them to thrive in the global marketplace and make our communities better places to live.

Situated on 2,660 acres of beautiful woodland atop the bluffs overlooking the natural beauty of the Mississippi River's rich bottomland and only a short drive from downtown St. Louis, the SIUE campus is home to a diverse student body of more than 14,000.

SIUE awards degrees in undergraduate and graduate programs encompassing the arts, sciences, nursing, education, health, human behavior, business and engineering. The Schools of Dental Medicine and Pharmacy award first-professional doctoral degrees in dental medicine (DMD) and pharmacy (Pharm D). Doctoral programs are available in nursing practice and educational leadership. Cooperative PhD programs in history, environmental resources and policy, engineering science, and computer science are offered with SIU Carbondale.

<b>Why apply to this college?</b>			
<p>St. Ambrose University is a private, Catholic university rooted in the liberal arts perspective. We are located in Davenport, Iowa, which is part of the Quad Cities. The university offers over 60 undergraduate majors, pre-professional programs, graduate and doctoral programs. St. Ambrose University encourages students to develop intellectually, spiritually, ethically, socially, artistically, and physically to enrich their own lives as well as the lives of others. With approximately 2,300 undergraduate students, you have to opportunity to experience student centered learning, get involved in clubs and organizations, serve the community, build relationships with faculty and staff, and much more in a close knit feeling campus. With an 12:1 student to faculty ratio, students get the opportunity to get the most out of their education. Faculty and staff also have the chance to assist students in career development, making them the most competitive within their field. This helps our students be successful when entering the workforce. Of our 2018 graduating class, over 90% of our students are employed or have decided to continue their education in master's or doctorate level programs.</p>

### Why apply to this college?

Saint Mary's University of Minnesota is a private, nonprofit university. Our students' success is the core of our concern. Students choose Saint Mary's for any number of reasons, among them: our welcoming community; our commitment to walking alongside each student, every step of the way; our intentional focus on practical, hands-on learning experiences; and our dedication to helping students form connections that will guide them in their post-graduate lives. Our undergraduate residential, liberal arts college offers 59 majors at our 450-acre Winona Campus. We are mission-driven, committed to abandoning elitism, embracing respect, and being dedicated to every person. We are the university for students who are ready to grow and who know that with the right opportunities they can build the future they want.

The University of Illinois at Springfield is where you can get an elite level U of I Degree but do it in a setting that is like a small private school (average class size is 16 to 18). We want that student that wants to be an active learner, meaning our classes are discussion and interactive, where students can ask questions and debate topics during class. We ranked 3<sup>rd</sup> in the Nation out of over 4000 schools for the acceptance of LGBTQ students this year by a leading website. Finally, we have very strong programs in Nursing, Computer Science, Political Science, Criminology, Business and Accounting, and anything in the Sciences or for students that want to do Pre-Med. If you want an elite level education, long weekends, waking up late, and getting to know your classmates and professors, then UIS is the place for you.

<p>Xavier provides students with the best of both worlds. With 4900 undergraduate students, your average class will be 20 students and you will be supported and challenged by your professors on our park-like campus. At the same time, you'll be able to cheer on our nationally recognized Division 1 athletic teams and get to learn, play and develop your professional network in Cincinnati, where 360 of the Fortune 500 companies have a presence. We're best known for our outstanding programs in Business, Nursing, Biomedical Sciences (pre-med), Sports Marketing/Management, Psychology and Education. You can also try unusual majors like Exercise Science, Actuarial Science, Cybersecurity and Digital Innovation: Film and Television. We're excited to open our Health United Building in the Fall of 2019. This facility will include a student fitness center, facilities for both our health center and our counseling center, a pharmacy, and new classrooms and laboratories for Nursing, Occupational Therapy, Radiologic Technology and Exercise Science. Our merit scholarships range from \$15,000-20,000 per year (renewable for four years) and 98 percent of our Class of 2017 had a job or was enrolled in graduate school within six months of graduation. Want a really fun fact? We were the first school in North America to have a Pizza ATM!</p>
