These meetings may be scheduled on late start days (before school when students are not present), or student early release days (after school). None of these meetings will use more than twenty (20) minutes of the scheduled work day. The specific days and times used will be mutually agreed upon by the Association and the Administration in advance of the meetings.

2.7 Fair Share

- A. As a result of the Supreme Court decision in *Janus v AFSCME* (2018), the below language (2.7, B-H) is not applicable. Should this legal decision be reversed, the below language (2.7, B-H) will be applicable from that point forward.
- B. Each certificated employee, as a condition of employment, on or before thirty (30) days from the date of commencement of duties or the effective date of this Agreement, whichever is later, the certificated employee shall join the Association or pay a fair share fee to the Association.  - 2. The Employer gives full and complete cooperation to the Association and its counsel in securing and giving evidence, obtaining witnesses and making relevant information available at both trial and all appellate levels.
- G. The Association agrees that in any action so defended, it will indemnify and hold harmless the Employer from any liability for damages and costs imposed by a final judgment of a court or administrative agency as a direct consequence of the Employer's compliance with this Article.

It is expressly understood that this hold harmless provision will not apply to any claim, demand, suit or other form of liability which may arise as a result of any type of willful misconduct by the Board or the Board's imperfect execution of the obligations imposed upon it by this Article.
- H. The obligation to pay a fair share fee will not apply to any certificated employee who, on the basis of a bona fide religious tenet or teaching of a church or religious body of which such certificated employee is a member, objects to the payment of a fair share fee to the Association. Upon proper substantiation and collection of the entire fee, the Association will make payment on behalf of the certificated employee to a mutually agreeable non-religious charitable organization as per Association policy and the Rules and Regulations of the Illinois Educational Labor Relations Board.

2.8 Management Rights

The Board hereby retains and reserves unto itself, without limitation, all powers, rights, authority, duties and responsibilities, subject to the terms of the collective bargaining agreement conferred upon and vested in it by the laws and the Constitutions of the State of Illinois and the United States of America, including but without limiting the generality of the foregoing, the rights:

- A. To the exclusive management, organization and administrative control of the District and its properties and facilities;
- B. To direct the work of its certificated employees, and determine the kinds and levels of services to be provided and the methods and means of providing those services including entering into Agreements with private vendors for services;
- C. To hire all certificated employees, and subject to the provisions of law, to determine their qualifications and the condition for the continued employment;
- D. To establish educational policies, goals and objectives; to ensure rights and education opportunities of students; to determine staffing patterns, to determine the number, deployment and kinds of personnel required in order to maintain the efficiency of District operations; and
- E. To build, move or modify facilities; establish budget procedures and determine budgetary allocations.

ARTICLE 3: Negotiation Procedure

3.1 Good Faith Negotiations

The parties agree that their duly designated representatives shall negotiate in good faith with respect to terms and conditions of employment and shall bargain as per the rules and regulations of the Illinois Educational Labor Relations Act.

3.2 Negotiation Starting Date

Negotiations shall begin no earlier than February 15, of the last year of the contract, unless mutually agreed upon by both parties.

3.3 Ongoing Administration of Contract

Representatives of the Board, Administration and the Association agree to meet during each school year for the purpose of reviewing the administration and content of the contract and to resolve problems that may arise. Should such a meeting result in a mutually acceptable amendment to the Agreement, the amendment shall be reduced to writing, ratified by the Board and the Association, signed, and appended to this Agreement.

Situations might arise which will make it necessary for the Board and Association to re-open negotiations to respond to issues which need to be addressed, such as changes in state law that could result in a reduction in force of 15% of certificated employees. The Board, Administration, and the Association agree to meet to discuss the financial situation.

The MEA and Board negotiating teams agree to meet no later than November of the last year of the contract to discuss the possibility of negotiating the extension of the current contract.

ARTICLE 4: Employment Conditions

4.1 School Calendar

Following advisory consultation with the Association, the Board shall establish a 185 day school calendar, of which four (4) may be institute days and five (5) emergency work days.

4.2 Employee Work Day

The certificated employee workday will be eight (8) hours in length. Certificated employees may be assigned non-consecutive work hours on a voluntary basis only. Certificated employees will be available from the beginning of the working day for student contact. If a certificated employee makes an appointment before or after the school day, or an appointment is made with the certificated employee's approval, that certificated employee will honor the said appointment.

4.3 Teaching Load

The standard four-block schedule consists of four ninety-minute blocks of time. Each block of time may be structured to fit a particular division/department, recognizing that the workday for those certificated employees whose primary role is not classroom teaching, does include more than 270 minutes of student contact. In a standard four-block schedule, the normal teaching load shall not exceed three (3) teaching assignments of ninety minutes each per day or 270 minutes per day. Unusual teaching loads of more than three (3) teaching assignments might exist in certain departments, but in no case will the certificated employee total teaching load exceed 270 minutes per day. If a certificated employee agrees to work additional minutes per day, those minutes will be considered an extra assignment and will follow the

guidelines for extra assignments. Supervision time shall be passing periods and washroom supervisions. During homeroom period, certificated employees will facilitate activities.

The certificated employee shall be in the building for the first and last 45 minutes of the school day. During preparation periods in which a certificated employee has no supervisory responsibilities, the certificated employee may leave the school building without loss of pay or leave time. The certificated employee must notify their direct supervisor of the leave before exiting the building. As professionals, certificated employees agree to not use preparation periods away from the building for business that could routinely occur during non-school hours.

In an early/late bird class of less than ninety minutes is offered, the total teaching periods may exceed three teaching periods during a term, without additional compensation, if during another term, the total teaching periods are reduced an equal amount. Over two terms, the total teaching periods may not exceed six (6) teaching periods, for any individual certificated employee. A teaching load cannot exceed 315 minutes a term, nor can the average teaching minutes for a certificated employee exceed 270 minutes over four terms, in a given school year.

The MEA and administration recognize that the Music Department teaching schedules do not meet the parameters of the previous paragraph regarding teaching load. The administration and MEA will meet annually to verify that the Music Department schedules meet the spirit of the language regarding teaching load.

In an eight period schedule, the normal teaching load shall be five (5) teaching periods and one (1) supervisory period. Supervision time shall not include homeroom assignment, passing periods and washroom supervision.

Certificated employees may be assigned teaching periods and supervisory periods less than these maximums without being considered part-time certificated employees, provided they are assigned to other duties, not to exceed three hundred (300) minutes per day.

If there is a need, in any department, for an additional teaching assignment, the staffing of such teaching assignment shall be made as follows:

- A. The Board of Education shall approve the additional teaching assignment.
- B. The Superintendent, or designee, shall notify the affected department in writing at least three (3) days in advance of the assignment of the additional teaching assignment.
- C. After three (3) days, the Superintendent, or designee, shall develop a list of eligible faculty members.
- D. The Superintendent or designee shall select a certificated employee from this list, considering each certificated employee's experience, qualifications, current teaching assignments and past classroom evaluations. This consideration will occur prior to recommending an appointment for the additional teaching assignment to the Board of Education.
- E. The certificated employee selected for the additional assignment shall be notified of their selection by the Superintendent, or designee.

If the selected certificated employee accepts the additional teaching assignment, as defined above, they shall receive payment of a stipend of 10% of the employee's base salary each term, paid during the affected term and be released from supervision.

For an overload that is less than a full school term, the following calculation should be used to determine the certificated employee's daily rate based on the number of work days in the entire year. Stipend payment should be calculated as outlined below:

1. Salary of staff member divided by 180 days.
2. Multiply that amount by 20%.
3. Multiply that amount by the number of overloaded days worked.

Additional teaching assignments are considered to be an exception and should not become the standard for any department or employee. Such assignments shall be made only upon necessity or to save program enrollment and where practicable and in sound fiscal judgment. Whenever more than two (2) sections of a sixth teaching assignment, in an eight period day, or more than two (2) sections of a fourth teaching assignment in a block schedule, are assigned within a department, the Board shall endeavor, if financially feasible, to hire additional certificated employees.

Supervision Committee

Principal, Assistant Principal, Administrative Designee, MEA President, MEA Vice President, and MEA Designee will discuss and decide on the supervisions and any modifications needed. This committee will meet on an as needed basis, but no less than annually to discuss supervisions.

Class Size

Class size and balancing student needs is a mutual interest of the Board and the Association. The BOE and Association acknowledge that student course requests, specialized individual student needs, facilities, and State/Federal educational policy shape staffing and class size.

Administration will meet with a teacher(s) to discuss their concerns regarding their class size.

Nothing in this statement obligates the District to establish minimum or maximum class sizes.

Internal Substitute

The Administration will generate a list of faculty members who are willing to volunteer as internal substitute(s) and will attempt to arrange for substitutes from this list. If the Administration is unable to secure a substitute from the list of volunteers, it may assign a faculty member to no more than one period of internal substitution per semester.

4.4 Consecutive Teaching Periods

To maintain the best possible teaching environment, the Board and the Association recognize that certificated employees should be assigned no more than three (3) consecutive teaching assignments in an eight period day, or no more than two and one-half (2.5) consecutive teaching assignments or 225 consecutive teaching minutes, in a block schedule.

Both parties understand that this goal is not always attainable, but it is one that must be actively pursued. The Board shall make every effort to restrict the assignment of each certificated employee to no more than three (3) consecutive teaching assignments in an eight period day, or no more than two and one-half (2.5) consecutive teaching assignments or 225 consecutive teaching minutes in a block schedule. Should a certificated employee have a supervision assignment immediately before or after three (3) consecutive teaching assignments, the certificated employee is encouraged to meet with their supervisor and/or the principal or designee to explore a scheduling solution recognizing that changing the schedule may not be an option.

The Superintendent, or designee, shall retain the right to adjust the daily schedule of each certificated employee to retain curricular offerings and/or prevent the elimination of course offerings. When an employee is assigned more than three (3) consecutive teaching assignments in an eight period day, such certificated employee's supervisory assignment shall not exceed one half (1/2) of a supervisory period.

4.5 Academic Subject Preparations

The Board and the Association recognize the educational benefits of limiting the normal certificated employee academic subject preparation load to no more than three (3) different subject preparations, in an eight (8) period day per year, and two (2) different subject preparations, in a four block schedule per term.

If a certified employee teaches a “stacked” class (as defined as two (2) separate course curriculums during the same class period) each of these classes count as their own subject preparation for the purpose of determining supervision release.

If a certified employee teaches an overload they will be released from supervision.

Both parties agree that this is an attainable goal, but one that might not always be met, due to the individual department needs and course offerings. The Administration will make every effort to limit teachers to three (3) academic subject preparations in an eight period schedule per year, or two (2) academic subject preparations in a four-block schedule per term. If a reduction in the supervisory assignment is deemed appropriate, the Superintendent, or designee, shall adjust the certificated employee's total supervisory assignment to a total not to exceed one-half (1/2) of a normal supervisory period.

4.6 Full-Time and Part-Time Status

A full-time certificated employee is defined as one who has a minimum four-fifths (4/5) class load per semester over a full year (8/10), plus any assignment/supervision time per day, which will not be less than 300 minutes.

For non-instructional certificated employees, the day will be 300 minutes.

4.7 Administrative Directed Meetings

Each week, up to 2 days (no more than 100 minutes) will be dedicated to Professional Learning Community (PLC) and Student Support Team (SST) meetings.

Exceptions to the 2 days a week (100 minutes) occur during the following situations.

- When there is a school holiday during that week.
- When there is a late start professional development schedule during that week.

When these situations occur, only 1 day a week (50 minutes) will be dedicated to PLCs or SSTs.

- During Final Exam week, there will be no Administrative meetings scheduled

Staff meetings will be held once a month, unless there is an emergency situation. Scheduled staff meetings may be in addition to regularly scheduled Professional Learning Community (PLC) meetings or Late Start Professional Development days.

Department meetings may be held during PLC/SST meetings or Staff Meeting time.

4.8 Pay Periods

The Board of Education will pay certificated employees twice a month, on the 15th and 30th of the month. The first pay date shall be August 30. This date is predicated upon two conditions:

- A. Salaries for extra duty, substitutes, etc., will be paid only once per month.
- B. Coaching and Extracurricular activities will be paid according to the following chart.

Fall Season	Sept. 15 (50%)	Oct. 30 (50%)
Winter Season	Dec. 15 (50%)	Feb. 28 (50%)
Spring Season	Mar. 30 (50%)	May 30 (50%)

4.9 Days Worked Beyond Contract

A. Required Activities

For non-stipend positions, any additional required days beyond the normal teaching contract will be paid on a per diem basis with compensatory time as an option. The number of additional days and dates will be determined by district need and will not exceed six days. These dates will be worked at the following times: the two weeks before the beginning of school, during the school year, or the two weeks after the last school term. Any days beyond the six that occur within the aforementioned time periods, will be staffed on a voluntary basis and paid at the applicable per diem rate.

B. Voluntary Activities

Voluntary additional certificated employee participation not otherwise covered by the contract shall be paid by a stipend determined prior to the beginning of the activity.

4.10 Paychecks

A certificated employee may elect to spread his/her last four paychecks out over the summer recess. If he/she so chooses, the certificated employee will notify the business office by May 1 of their desire to be paid on June 15, June 30, July 15, and July 30.

- A. Non-tenured certificated employees covered under this Agreement shall not be dismissed or otherwise disciplined except as set forth by the Illinois School Code.
- B. Non-tenured certificated employees shall receive written notice from the Board of Education at least forty-five (45) days before the end of any school term as to whether or not he/she will be re-employed for the following school term.

ARTICLE 7: Reduction and Reinstatement of Employees

7.1 Causes for Reducing Employees

The number of certificated employees covered under this Agreement may be reduced as the result of a decision of the Board to:

- A. Decrease the number of teachers employed by the Board; and/or
- B. Discontinue some particular type of teaching service;

The Board of Education reserves the right to make all decisions regarding the reduction of certificated employees.

7.2 Procedures for the Reduction in Force of Certificated Employees

7.3 Notice of Dismissal

Honorably dismissed certificated employees will receive notice and a statement of honorable dismissal, which will include the reason for the dismissal, by mail and by either certified mail, return receipt requested, or personal delivery with receipt at least forty-five (45) days before the end of the school year.

The Board of Education will publish and post a seniority list each year by February 1.

The Board of Education will provide to the President of the Association a copy of the sequence of honorable dismissal list each year at least 75 days before the end of the school year.

7.4 Recall of Certificated Employees

If the Board has any vacancies for the school year following the reduction in force or within one calendar year from the date of the beginning of the school year following the reduction in force, certificated employees in Group Three and Group Four, who were honorably dismissed in the reduction in force, will be recalled to any position for which they are qualified to hold. Whether an employee is qualified to hold a position is based on the legal qualifications and the job description in effect for the position on the May 10 before the position became available. Recall will be in the reverse order of the reduction in force/dismissal.

If the number of honorable dismissal notices exceeds fifteen percent (15%) of the number of full-time equivalent positions filled by certificated employees covered by this Agreement, the recall period will be extended to two (2) years.

The offer of re-employment shall be made by certified mail, return receipt requested to the former certificated employee's last known mailing address on file with the Board. Failure to accept the offer within ten (10) days of receipt of the certified letter will result in the termination of the certificated employee's right of recall.

ARTICLE 8: Grievance Procedure

- A. The term "grievance" shall be defined as any claim by the Association, individual certificated employee, or group of certificated employees, covered under this Agreement, that their rights have been impaired, or that there was a violation, misinterpretation, or misapplication of this Agreement.
- B. Time limits mentioned throughout the procedures shall consist of days which the Superintendent's Office is officially open for business.

ARTICLE 9: Salary Differential

9.1 Payment of a Salary Differential

The Board of Education, upon recommendation of the Superintendent, or designee, may pay a salary differential above the established salary guide under the following conditions.

- A. Any certificated employee who performs his/her duty in an unusual and outstanding manner during the current contractual year, may be granted a year end salary bonus. Such bonus shall be paid in one check and shall be paid prior to June 30 of the existing contractual year.
 - 1. Such bonus is for one year and is not part of the certificated employee's continued contractual agreement.
 - 2. Such bonus shall be subject to Board of Education certificated employee's retirement contributions.
- B. A certificated candidate with highly desirable qualifications may be employed at a salary above schedule when the salary is inadequate to attract certificated candidates for a specific requirement.
- C. If any salary differential occurs, a memorandum will be generated by June 30th, listing the amounts awarded, the reasons for awarding a salary differential, and the number of employees earning such salary differential. This report will be shared with the Association President or designee.

9.2 Withholding Salary Increment or Step Increase

The Board of Education, upon recommendation of the Superintendent, or designee, may withhold increment or salary step increase from any certificated employee covered in this Agreement under the following conditions.

- A. When the performance of the primary role of any certificated employee does not warrant an increase in pay.
- B. Withholding an increase shall follow these guidelines.

1. Certificated employees shall be given reasonable written warning of unacceptable behavior.
2. Prior to the issuance of a written notice of the withholding of the salary step increase or increment, the Superintendent shall have a conference with the certificated employee stating the reason or reasons for withholding increment salary step. The certificated employee shall be notified at least two (2) days in advance of such meeting and shall have the right to have representation at such meeting.
3. Reasonable efforts by the Superintendent or designee shall be made to provide assistance to the certificated employee in question. Such assistance will follow the steps put forth in Article 5, Evaluation, of this Agreement.

C. If any reduction in salary occurs, a memorandum will be generated by June 30th listing the certificated employees affected and the reasons for the reduction. This report will be shared with the Association President or designee.

ARTICLE 10: Professional Growth / Tuition Reimbursement

10.1 Professional Growth

The Board of Education recognizes the value of employee participation in professional growth activities, and it delegates to the Superintendent or designee the authority to review and approve such opportunities. Such professional growth may be achieved by means of the successful completion of graduate course credits, educational conferences, workshops, and non-credit courses.

A. College or university graduate course credits will continue to be the major basis upon which advancement on the salary schedule will be granted. The Superintendent or designee has the authority to pre-approve graduate course credits subject, but not limited to, the following general criteria:

1. All courses must be offered by a United States accredited college or university.
2. The course content must align with secondary education, the educator's area(s) of certification, or to an endorsement and/or certificate program.
3. Graduate course credit will be awarded to certificated employees for courses that are a part of an approved master's degree program in which the certificated employee is enrolled.
4. A certificated employee who has a master's degree may take only graduate level courses, except as noted in #5 below.
5. A certificated employee may take non-graduate level courses under the following conditions:
 - a. Courses leading to an endorsement and/or certificate
 - b. Courses leading to a change in teaching assignment
 - c. Courses relating to attaining or maintaining certification as required by regulations and/or rules of the state or federal governments which defines "highly qualified" teacher. These courses may not include courses which previously have been granted credit via proficiency testing.
 - d. Courses that enhance content knowledge or professional growth/development as approved by the principal.

B. The University of Mundelein

Certified staff who have already completed an accredited master's degree program will have an opportunity to propose a continued education plan to advance on the salary schedule. Plans can include but are not limited to earning micro-credentials, certifications, endorsements, and discipline-specific training, among others.

Staff will complete a formal application to propose an alternative continued education plan that consists of professional development that is equal to the workload of a master's level course. A committee with an equal number of MEA members and administrators will meet three times a school year to review the applications. This committee will be charged with developing a proposal that includes the application process and staff reimbursement allocations. The committee's proposal is subject to approval by the D120 Board of Education. The administration will make the final decision on the certified staff's individual applications based on curricular needs and budget constraints.

C. Each Department will receive annually a proportionate allocation for educational conferences and workshops. The departmental use of these allocations for professional development will be decided by consensus within the department.

D. Staff Required Training Outside the Contractual Day and/or School Calendar

Certified staff will be compensated curriculum development pay of \$35 per hour if they are mandated by the administration to attend a training or a course. This does not apply to school-sponsored extracurriculars.

10.2 Semester Hour Payment

The Board of Education will reimburse a certificated employee a maximum of 12 pre-approved credit hours in one school year. The school year is considered to be September 1 through August 30.

Certificated Employee Reimbursement

The Board of Education will reimburse a certificated employee a maximum of \$215 per semester hour, for pre-approved graduate courses from an accredited institution of higher learning. (Reference Article 10.1 – Professional Growth)

A certificated employee may receive up to \$500/credit hour for courses in a curricular area that is deemed of high demand or as part of an initiative that supports Board/District goals. Pre-approval is at the discretion of the administration.

10.3. Pre-Approval

A pre-approval application form must be submitted to the Superintendent, or designee, prior to the individual course enrollment.

10.4. Reimbursement

Reimbursement is contingent upon an approved pre-approval form, successful completion of the course, minimum graduate grade of "C," and submission of an original copy of the transcript to the Superintendent. The transcript must be submitted no later than one year from the date of the pre-approval form or reimbursement is forfeited. Graduate courses taken during the summer prior to beginning employment do not qualify for tuition reimbursement.

Determination for granting of graduate credit for reimbursement shall be the sole discretion of the Superintendent or designee.

10.5. Schedule Advancement and Tuition Reimbursement

To receive simultaneous advancement on the salary schedule and tuition reimbursement is contingent upon the individual course and its relationship to the certificated individual's assignment for the current year.

ARTICLE 11: In-Service Education

Upon recommendation of the Superintendent and consultation with the Mundelein Education Association, the Board of Education shall institute an annual in-service program for all certificated employees under the conditions listed below.

In-Service Education- "The Board & the MEA support ongoing professional growth for all licensed professional educators. The professional development program may be extended beyond the eight hour limit only by mutual agreement between the Association and the Administration.

The Ph.D./Ed.D. lane will be 3% more than respective cells on the MA+45 lane. Pre-approval for a Ph.D./Ed.D. program will be required by the superintendent or designee and the Association President or designee. The only exceptions to the timing of a lane change will be upon the awarding of the Master's degree or the Ph.D. or Ed.D. degree. A lane change to the "MA" or "Ph.D./Ed.D." columns will be applied as of the official date of graduation as indicated on a certified transcript.

ARTICLE 13: Employee Compensation and Fringe Benefits

13.1 Teachers' Retirement System

The Board of Education shall withhold and pay on behalf of the certificated employee the maximum percent allowed by the State of Illinois Teachers' Retirement System deduction for each certificated employee during the length of this Agreement, in accordance with Illinois statutes.

13.2 Hold-Harmless Agreement

Each certificated employee shall agree in writing not to hold the District responsible for unpaid taxes on the Teacher's Retirement System portion paid by the Board of Education during the length of this Agreement; and subsequent Agreements, while the certificated employee is in continuous employment in District 120. This written agreement need only be signed once by the certificated employee. (See Appendix 4)

B. Benefit:

Each certificated educator without vertical step movement available and in MA+30, MA+45, or Ph.D/Ed.D lanes, shall receive an increase of 2.00% of the multiplier used for their current salary calculation each year of the contract. The longevity multiplier increase will cap after 10 years on all lanes.

A certificated educator who moves into one of the longevity lanes due to completing qualified graduate credits, and without vertical step movement in any other lane, shall start at the first step of longevity pay in the new lane for which they qualify.

At any time, a certificated educator can elect to declare for retirement. For the sake of staffing, it would be beneficial to the District if the certificated educator provided a declaration of retirement before January 15 of the employee's final school year.

Hold-Harmless Agreement: The declaration of retirement is a courtesy to the District. The District will not hold the certificated educator responsible for failing to notify the District the declaration of retirement before January 15 of the employee's final school year.

C. Request to Withdrawal Letter of Retirement

A certified employee may request to withdraw the letter of retirement under the guidelines below:

- Sufficient reason for the withdrawal is provided by the certified employee;
- A meeting between the Board of Education and the certified employee will be held to review the circumstances of the withdrawal request;
- Should the Board of Education deny the certified employee's withdrawal request, the certified employee will be provided with a written response citing the reason(s) for the denial.

If the Board of Education accepts the certified employee's request to withdrawal the letter the certified employee will then return to the lane/step that they would have been assigned.

13.4 Unused Sick Leave

Certificated employees may elect to send up to 340 days to the State for service credit at retirement; these days so elected may not be claimed for payment by the District.

13.5(a) District's 403(b) Plan

The Board of Education shall make available to all employees of the District the opportunity to participate in the District's 403(b) Plan. The payment of annuity premiums for an employee shall substitute for the compensation otherwise payable directly to the employee so that the employee may obtain the benefits of Section 403(b) of the Internal Revenue Code of 1986, as amended.

The business office shall maintain a list of approved vendors who have complied with IRS and District requirements and are currently being used by the District. A minimum of two employees will be required before a new approved vendor will be added to the list. Any vendor who does not comply with IRS and District requirements shall be dropped from the approved list, and no further 403(b) contributions may be made to that unapproved plan. No employee will be forced to drop or change an existing annuity with a company that is in compliance. If a vendor ceases to provide service to Mundelein High School employees at any time, that vendor at later application shall be deemed a new vendor.

No vendor will qualify as a Mundelein High School approved vendor until it is selected by a minimum of two District #120 employees. The Board of Education of Mundelein Consolidated High School District 120 shall, however, deal directly with only one representative from each company. All contracts with a particular company must clear through and be submitted by a single representative. The district manager in charge of the Mundelein area for each company or an agent designated by the district manager will be the only recognized representatives. Only investment products complying with all applicable laws, regulations and Plan provisions will be offered under the Plan. Contracts containing life insurance provisions are not acceptable.

13.5(b) Contributions for Full-Time Tier II Certified Members

Eligibility requirements:

- The certified employee must have completed a minimum of 10 years of full-time employment (defined as .8 or greater FTE in any given year) in District 120 at the time the letter of retirement is submitted.
- The certified employee must possess a minimum balance of D120 sick leave days based on the following:
 - 70 days of sick leave if the letter of retirement is submitted in the 2024-2025 school year.
 - 80 days of sick leave if the letter of retirement is submitted in the 2025-2026 school year.
 - 90 days of sick leave if the letter of retirement is submitted in the 2026-2027 school year.
 - 100 days of sick leave if the letter of retirement is submitted in the 2027-2028 or after.
- The certified employee must retire from teaching service under the provisions of the Teachers' Retirement System at the conclusion of the Board approved school year.

In recognition for a certified employee's service to the district, when a certified employee submits their notice of retirement letter to the Assistant Superintendent of Human Resources by April 1st five (5) years prior** to the end of their retirement year, the district will increase the employee's sick leave allotment (calculated based on their current D120 sick leave balance and sick leave credit reported by previous employer(s) to TRS) up to three-hundred and forty (340) sick days. The certified employee will be removed from the annual sick leave allotment provided in Article 14.1 and be provided with an additional, non-accumulating balance of ten (10) additional sick days on July 1 each year thereafter, in which five (5) days may be used for personal leave/flex leave.

For eligible employees desiring to retire at the conclusion of the 2028-2029 school year, the deadline to submit the notice of retirement letter shall be June 11, 2025.

ARTICLE 14: Leaves

14.1 Sick Leave

- A. Sick leave shall be granted according to the following schedule. On the first day of the year for:

Year 1 – 6	16 days
Year 7 – 15	18 days

Year 16 and up 20 days

Sick leave shall be "front loaded" with the certificated employee receiving the applicable number of sick days on the first day of school.

Sick leave may be used in 2 hour increments.

- B. Sick leave days shall be cumulative. All sick leave days will be reported annually to the certificated employee.

Sick leave shall be interpreted to mean personal physical health-related or mental health-related illness, illness or death in the immediate family, or religious observances. For purposes of this section, "immediate family" shall include spouse, civil union partner, significant other, child, dependent, father, mother, other members of the family living in the same household with the employee, grandparents, grandchild, in-laws, sister or brother.

Misuse of sick leave shall be subject to certificated employee discipline, pursuant to Article 6.

- C. Sick Leave Bank

The Board in cooperation with the Association shall establish a Sick Leave bank on a voluntary basis.

The intent of this plan is to provide extended sick leave to those certificated employee participants who incur a major disability or major illness, of self or family member, as defined in Section 14.1 B, which requires continuous and prolonged absence from work.

A certificated employee may enroll in the bank by signing an authorization form agreeing to contribute one (1) day of his/her sick leave to the Bank at the beginning of each year. When the total number of days in the bank equals twice the number of certificated employee participants, no yearly contribution will be required until the bank is depleted to the number of days equal to the number of certificated employee participants.

Pending approval from the advisory board, the certificated employee shall be able to utilize days from the Bank after his/her own accrued sick leave days have been depleted and a five (5) day salary deduction period has transpired for each such disability or illness. The maximum number of days allowed for any single illness shall be sixty (60) days. Certificated employee participants utilizing sick leave days from the Bank will not be required to replace those days.

A certificated employee participant withdrawing from the Bank or the bargaining unit for whatever reason will not be allowed to withdraw previously contributed sick leave days.

A committee, comprised of two Association officers and two Administrators, and a member of the Board of Education, shall serve as an Advisory Board for the implementation and administration of the bank. This Advisory board may, upon emergency, request that contributing certificated employees donate an additional day to the Sick Bank if its reserves become depleted or grant an extension of days beyond the maximum limit referred to above. If a certificated participant does not have a sick day to contribute during the current school year, the sick leave day will be contributed at the beginning of the next school year without a lapse in Sick Leave Bank eligibility.

A certificated employee participant who has filed an intent to retire, will have access to the Sick Leave bank, if otherwise eligible, upon depleting his/her accumulated sick leave in excess of those days to be used for retirement.

Upon separation from the District, sick days that are neither submitted to TRS nor purchased by the District will be donated to the Sick Bank.

14.2 Personal Leave/Flex Leave

- A. A certified staff member may use up to five (5) sick days for personal/flex leave. With the exception of emergency situations, the certificated employee shall give notice to the Principal or designee, no later than five (5) school days in advance of the requested absence.
- B. Personal/flex leave cannot be used the day prior to or day immediately after winter break, spring break, or summer break. Personal/flex leave can be used in the event of an unknown/unexpected absence the day prior to or day immediately after winter break, spring break, or summer break; provided the certificated employee can provide documentation that the absence was not due to their lack of planning.

Personal leave is computed in two (2) hour increments.

14.3. Bereavement Leave

Sick leave can be used for bereavement regardless of relationship to the employee.

14. 4. Leaves of Absence - Family and Medical Leave

The District will grant certificated staff members unpaid job-protected family and medical leaves of absence under the terms and conditions of the Family Medical Leave Act (FMLA). Eligible certificated employees covered by the collective bargaining agreement may take up to twelve (12) work weeks of family and medical leave in a twelve-month period. Leave may be continuous or intermittent. Employees have the option to use FMLA while on sick leave. Employees may also use earned sick time concurrently while on FMLA leave.

An employee on family or medical leave will continue to be covered under the District's life, health and dental insurance plans and will receive any other insurance benefits under the same terms as if the employee had been continuously working during the leave period. The continuation of benefits pursuant to this policy ends on the effective date of the notification to the district of the employee's intent not to return to work, when the employee fails to return to work on the scheduled date unless an emergency exists preventing such a return, or if the employee exhausts their family medical leave rights.

For the purposes of this leave section Family and Medical Leave shall be calculated in a "rolling" 12-month period. A rolling 12-month period is measured backward from the date an employee starts any FMLA qualifying leave. Under this calculation method, each time an employee takes FMLA leave, the remaining 12-month leave entitlement is determined to be the unused balance of the annual 12 weeks' entitlement that the employee has not used during the preceding 12 months.

During a leave, an employee will not accrue seniority unless an employee uses paid sick leave. Upon the conclusion of the leave, the employee will be restored to their former position with any general pay increases or benefit enhancements granted during the leave if the leave starts and ends within the same school year, or an equivalent position with equivalent benefits, pay and other terms and conditions of employment, if the leave ends beyond the end of the school year in which it started. If any employee seeks an intermittent or reduced schedule medical leave, the district may temporarily transfer the employee to an available alternative position for which the employee is qualified with no reduction in pay or benefits if the transfer better accommodates the requested recurring periods of leave.

An employee requesting leave must provide notice to the Department of Human Resources as soon as practicable. In requesting a leave, an employee will provide sufficient information to demonstrate the circumstances qualify for family or medical leave.

A. Qualifying reasons for leave under the Family Medical Leave Act are:

- The employee has a serious health condition that makes the employee unable to perform the essential functions of their job;
- The employee must provide care for the employee's spouse, partner, child (biological, adoptive, or step-child), parent, acting in the capacity as a parent, or in-law with a serious health condition;
- The birth, recovery, and/or care and bonding with the newborn child. Parents/guardians have the same right to take FMLA leave to care and bond with a newborn child. A pregnant person can also take FMLA leave for prenatal care, incapacity related to pregnancy, and for their own serious health condition following the birth of a child. A parent/guardian can also use FMLA leave to care for their spouse who is incapacitated due to pregnancy or child birth;
- Placement of a child for adoption or foster care;
- Because of a qualifying exigency arising out of the fact that the employee's spouse, partner, child (biological, adoptive, or step-child), parent, or in-law is a military member on covered active duty (or has been notified of an impending call or order to covered active duty status); or
- The employee may take up to 26 weeks of leave to care for a covered service member with a serious injury or illness if the employee is the spouse, partner, child (biological, adoptive, or step-child), parent, or in-law, or next-of-kin of the covered service member.
- The employee may take up to 12 weeks of leave in the event they are the victim of domestic abuse/violence.
 - For the purposes of family or medical leave, a serious health condition is an illness, injury, impairment or physical or mental condition that involves:
 - A period of incapacity or treatment in connection with in-patient care in a hospital, hospice, or residential medical facility;
 - A period of incapacity requiring absence from work, school, or other regular daily activities for more than three (3) calendar days and involving continuing treatment by a healthcare provider; or
 - Continuing treatment by a health care provider for a chronic or long-term condition that is incurable or so serious that, if not treated, would likely result in a period of incapacity of more than three (3) days or for prenatal care.

1. Substitution of Paid Leave/Concurrent Leaves

While FMLA leave is normally unpaid, the District will substitute an employee's accrued paid personal leave or sick leave for unpaid FMLA leave. All policies and rules regarding the use of paid leave apply when paid leave is substituted for unpaid FMLA leave. Any substitution of paid leave for unpaid FMLA leave will count against the employee's FMLA leave entitlement. After all available accrued paid personal or sick leave has been expended, the remaining FMLA will be unpaid.

2. Benefits During Leave

- a. The Board will maintain health care coverage and pay the Board's share of the employee's health insurance premium and other group benefit premiums for the duration of the 12-weeks of FMLA leave under the same conditions as if the employee had continued to work, unless and until the employee declares an intent not to return to work following the leave. The employee must make arrangements with the Board for the payment of the employee's share of the health insurance premium and other group benefit premiums during the FMLA leave period, and must complete an "election to continue insurance during Family/Medical Leave" form.
- b. Other benefits (e.g., sick leave, personal leave, and seniority) will not continue to accrue during Family and Medical Leave. Benefits accrued before the date the leave began will remain intact.

3. Application Procedures

- a. In a known circumstance, application should be submitted to the Superintendent for the Board's approval at least 30 calendar days prior to the first day of the leave.
- b. In unforeseen situations, employees should provide as much notice to the Superintendent as possible, generally within two (2) business days after the need for Family and Medical Leave becomes known.
- c.
