*Based on self-reported data

Mundelein High School is a comprehensive one-building district for grades 9-12. The district covers a 36 square mile area and serves the needs of 2124 students from Mundelein and surrounding communities. Mundelein is on Chicago's North Shore, about 40 miles north of Chicago. Roughly 83 percent of graduates continue their education at post-secondary institutions.

In the fall of 2016, the high school opened its new building addition, which includes STEM lab, Project Lead the Way, a Business Incubator Laboratory, and other features that prepare students for the future.

Equity Statement

Educational equality and equity are not the same principles. Equality means treating all students the same regardless of differences. Equity means the systemic fair treatment of people of all races and ethnicities that allows equitable outcomes. Once racial and ethnic inequities are eliminated, race and ethnicity are not factors in outcomes. Equity aims to remove barriers to provide each student the opportunity to benefit equally from the high-quality educational experience and outcomes that Mundelein High School offers.

In order to realize equitable opportunities and outcomes for everyone, equity must be applied across, including but not limited to, race, ethnicity, gender, gender identity, gender expression, sexual orientation, socioeconomic status, religion, national origin, foster status, housing circumstance, involvement with the juvenile justice system, IEP status, disability, learning differences, immigration status or spoken language.

Disciplinary Records Policy: District 120 does not share student disciplinary records with post-secondary institutions.
