

April 4, 2024

Dear Students and Parents/Guardians,

All students testing on April 10 and 11 should bring their MHS issued **Chromebook** (fully charged) and **their student ID**. Students may bring a **pencil/pen** and **calculator** although a calculator is available on the testing application.

Please be aware that College Board guidelines **prohibit electronic devices** (cell phones, Chromebooks, smart watches, earpods, etc...) from testing rooms.

Students will not be able to go to their lockers.

If you are interested in learning more about the calculator guidelines for the PSAT and or the SAT, please visit this [link](#). For any other information regarding the SAT Suite, please visit this [link](#).

On April 10 & 11, the state- sponsored SAT suite of exams will be administered to students in grades 9, 10, & 11 as follows. There are a handful of grade 12 students who must test as well to meet the State Graduation Requirements. These families have been communicated with directly. We apologize for the length of this email however we are trying to cover all possible scenarios for each of our students.

State Testing is based on a student's current classified grade level which is based upon credits earned
