## Innovation Grants Program Description 2019-2020

### OVERVIEW

The Mundelein High School Foundation was founded in 2011 with the mission of *enhancing the learning environment and opportunities for our students and future alumni*. The Foundation's goals are to:

- a) Enhance opportunities for Mundelein High School (MHS) students, teachers, and staff while supporting the District mission of *"academic excellence for all learners through the core values of equity, growth, and collaboration"*.
- b) Extend Mundelein High School resources to all district residents through various community outreach programs.

The Innovation Grant Program was created to help achieve these goals by encouraging and supporting creative and high-quality educational opportunities in District 120.

The purpose of the grant program is to provide support for a) MHS projects not funded or not fully funded by the school budget and b) community projects in District 120, which fulfill one or more of the following funding priorities. *The MHS Foundation seeks to fund projects that:*

1. Expand curricular opportunities at MHS
2. Enhance the learning experience of students at MHS.
3. Provide for resources and materials for hands-on learning experiences.
4. Support innovative projects that create a stimulating and motivating learning environment.

6. Provide scholarships to graduating students to further enrich their academic studies.
