

Quest Free Meal Program Through End of 2020 - 2021 School Year

We are excited to offer free lunch to every student at Mundelein High School District 120 thanks to the Summer Food Service Program from the USDA, a federally funded program. Covid related adaptations to the program makes it possible for District120 to temporarily participate through the end of the school year. During our eligibility, there is **no charge** for school meals provided by Quest Food Management Services. Please visit our website www.questfms.com to see the FAQ, menus, etc!

In-Person Learning Lunch Program

We encourage all families to take advantage of the free meal program. Parents **do not need to sign up for the free school lunch program. Each student coming into school will receive lunch for the day at NO cost.** District 120 will offer **EVERY** student a free meal. We encourage families to take advantage of this program rather than send in a lunch from home, but you are free to do that, as well. Milk will also continue to be available to all students.

Because of federal guidelines, Quest will be unable to offer meal choices, adjust portions sizes, or offer a la carte items.

Any questions or concerns regarding the food service program, please contact:

Food Service Director, Annette Giegoldt
annette@questfms.com or 847.949.2200 ext.1217
